

Community Meeting for Streetscape Improvements on Camden Avenue, Coleman Road, and Trinidad Drive

Date: Wednesday, May 6th, 2015
Time: 6:30 – 8:00 PM
Location: Vineland Branch Library, 1450 Blossom Hill Road

**Please join us to learn about plans for pavement maintenance, street improvement,
and bikeways projects on Camden, Coleman, and Trinidad.**

Camden Avenue, Coleman Road, and Trinidad Drive are scheduled to be re-paved in 2015. Come learn about plans to improve safety on these roads, including:

Camden Avenue

- Repaving of the street between Coleman Road and Harry Road
- Six-lane to four-lane road reconfiguration between Coleman Road and Los Rios Drive
- Enhancements to existing bike lanes between Coleman Road and Almaden Expressway
- New bike lanes between Almaden Expressway and Harry Road

Coleman Road

- Repaving of the street between Camden Avenue and Almaden Expressway
- Lane reconfiguration at Redmond Avenue signal, converting intersection from four lanes to two
- Enhancements to existing bike lanes

Trinidad Drive

- Repaving of the street from Camden Avenue to Almaden Expressway
- Enhancements to existing bike lanes

This project may require removal of parallel parking on the City street on between Almaden Expressway and Harry Road.
